SERVICE PAINTING FLORIDA

May 23, 2001

Gentlemen:

John Wayne Construction has recently completed a project for us at the Ritz Carlton Spa in Naples, Florida. As in our previous experience with them, the work was no less than exceptional. All aspects of the job were well organized and completed in a timely manner. The Quality of their workmanship and materials exceeded all expectations. It is also noteworthy to tell you that their management team was always available for consultation and worked with us to stay on top of the project.

I do not hesitate to give them our highest recommendation. Should you have any questions, please do not hesitate to give me a call at our Fort Myers office.

Yours truly,
Service Painting of Florida, Inc.

Gary L. Johnson
Executive Vice President
